**Commodity Specification For  
TURKEY TACO FILLING  
DATED AUGUST 2001**

**Amendment No. 2**

This amendment changes the freezing requirements for cooked turkey taco filling.

Section II.H.10. on page 17. Revise this section to read as follows:

“10. Freezing. Immediately after cooking, product must be placed under refrigeration where the internal product temperature of the packaged commodity is continuously lowered. The commodity must be packed and placed in a freezer within 12 hours of cooking. The internal temperature of the packaged and packed commodity must be lowered to 0 °F (-17.8 °C) or lower within 72 hours from the time of entering the freezer. If any sample of the commodity does not comply with the freezing requirements, the product or lot the samples represent will not be accepted for use under this Specification.”

**EFFECTIVE DATE:** This amendment is effective with offers due by 12 noon, Central Time, Tuesday, November 13, 2001, and on all subsequent offers. The words “and Amendment Numbers 1 and 2” must be inserted after “the Commodity Specification for Turkey Taco Filling dated August 2001” in item 1 of each offer.

All other terms and conditions of the Commodity Specification for Turkey Taco Filling dated August 2001 remain unchanged.
